connection

Description: This unit is the hand held version of our very popular Cryo-Jet. The Cryo-Gun shoots a 15' x 4' CO2 plume where ever and whenever the operator wants it. Used in bars or clubs for that extra little blast from the DJ booth. Also popular in stage productions when the blast is needed in a very specific spot.

### Electrical Requirements

N/A

### Distance

Cryo-Gun fog plume shoots up to 15' high. Plume top is about 4' in width.

### Controls

Manual hand-held pistol grip trigger.
